II. PLEDGE OF ALLEGIANCE

III. CITIZENS’ FORUM (Non agenda items):

Mr. Peter Hany, President, Ellington Volunteer Ambulance Corps., reviewed the events of the day surrounding a Department of Public Works employee who suffered life-threatening injuries in a construction accident. He said that without giving out name of the injured individual, he wanted to give credit and accolades to all those involved. Mr. Hany said while waiting for the emergency responders to arrive on scene, the actions of the Public Works employees, especially Richard Daugherty, Maintainer I, saved the life of the injured employee. Mr. Hany said that without those life-saving interventions, the person would not be alive today. He said this needs to be recognized; people don’t fully understand the work done by employees who are out and about working every day and have skills we don’t know about. Through the efforts of Fire, EMS, State Police, paramedic service, Life Star and the Baystate Medical Center staff, a life was saved today. Ms. Spielman thanked Mr. Hany and the ambulance crew for always being there for the residents of Ellington.

E. May 30, 2019 Special Board of Selectmen Meeting

V. UNFINISHED BUSINESS:

A. Update: Finance Officer/Treasurer Position Vacancy
Ms. Felicia LaPlante, Acting Finance Officer/Treasurer, asked to address the Board of Selectmen. She read the following statement:

“I wanted to take this time to discuss with the Board of Selectmen in its entirety the situation in the Finance Office in the past, present and unforeseen future. I am discussing the following during this agenda item as I am currently filling the void of the Finance Officer as described. This is extremely difficult for me to bring to the Board of Selectmen as I am not a self-promoting individual and believe in hard work and loyalty. Everything that I am speaking to is public knowledge. In May 2017, two years ago, Nicholas DiCorleto, the Finance Officer, was diagnosed with cancer. During this time, his hours worked were minimized. With that said, I took on many additional tasks and many additional hours worked. In August of 2018, I took on his duties entirely. I’ve been working an average well-above the number of normal work hours which is to be expected with the work load. This has affected my life not only professionally, but personally. During this extraordinary time for the Town, I have stepped up to serve during the time of need. At the time of Nick’s leave of absence, I was appointed as the Acting Finance Officer/Treasurer for a temporary period of time, which was 9 months ago. I will continue to serve as the Acting Finance Officer and work hard to keep the Town of Ellington finances moving in the direction Nick has devoted his life to achieve. Again, I am not a person that promotes myself well but I work extremely hard and I have devoted my professional life to the Town of Ellington. I am doing the work of two full-time employees. The Finance Officer position oversees the entire finance operation for the Town of Ellington and I have been doing that for a salary 70% of the previous Finance Officer’s salary. I was seeing the light at the end of the tunnel with the recruitment of the past two Finance Officers. But now in light of recent events that have occurred with the position, I am requesting that the Board of Selectmen retroactively increase my salary to the salary that Nicholas DiCorleto was receiving at the time of his leave of absence. I did make a motion and I’m asking you to move on the motion and vote formally. And that is all.”

Sarah Cook said that Felicia has done a wonderful job and she encouraged the Board of Selectmen to vote tonight in favor of the motion Felicia has prepared to retroactively increase her salary to that of Mr. DiCorleto’s. Ms. Cook asked Ms. Cannella if there were any procedural obstacles to going forward tonight. Ms. Cannella said that she is not prepared to weigh in on this matter without having the opportunity to look into the request. She added that she is learning about Ms. LaPlante’s request right now along with the BOS members and she is reluctant to provide advice.

Mr. Prichard said that this should be tabled and discussed at a Special BOS Meeting. He added that this type of request has not been done in this way before and he believes the BOS should take the time to schedule a meeting and discuss this in Executive Session.

Ms. Cook asked for tonight’s agenda to be amended to add this motion so that it could be actec upon without delay. Mr. Stavens said he agrees with Mr. Prichard and that this should be discussed at another meeting. Ms. Ferry said that she is concerned with procedure; she added that the BOS members have to be very careful about following procedure. Mr. Prichard said that although he feels that Ms. LaPlante should be appropriately compensated, this should not be considered tonight. Ms. Cook reiterated her question to Ms. Cannella asking if there are any procedural problems with making the motion tonight and Ms. Cannella said that as far as she knows it is unprecedented for an employee to bring a motion directly to the BOS and ask them to act on it and she would prefer to have an opportunity to look into it.

Ms. Ferry asked Ms. Spielman when she was informed about this and Ms. Spielman said she was told by Ms. LaPlante just prior to the beginning of the Commission Member Recognition event earlier in the evening that she was going to address the BOS. Mr. Turner said that although he has no qualms
about the job Felicia has been doing, procedurally he has concerns with how this was brought forward and one of those concerns is that it could be precedent setting. Ms. Ferry said that if the request is to make the increase retro-active then scheduling a Special Meeting to discuss it shouldn’t affect the outcome. Mr. Turner reiterated his concern about how this was brought to the BOS and he said that the BOS must be careful about the precedent this may set if this is acted on tonight. He said that although the BOS at times will add items to the agenda, this request is a little further up the ladder as far as he is concerned.

Ms. Spielman suggested to the BOS that they not act on this tonight and consider bringing the request to a Special Meeting and a majority of the BOS agreed with not addressing it tonight. Peg Busse asked if the Special Meeting wouldn’t necessarily be an Executive Session. Ms. Busse continued that Ms. LaPlante can ask for the discussion to happen in open session and not in Executive Session if she wants to and Ms. Spielman said this is correct.

Ms. Spielman stated that the Connecticut Conference of Municipalities (CCM) is handling the recruitment effort for the Finance Officer/Treasurer position; they have advised us that they have a few that they are currently vetting.

Also, those who worked to solicit feedback on the document were Ellington High School teacher, Kim Reilly and High School juniors Jamie Del Piano and Nick Sivo who were present at the meeting.

Dr. Nicol said that the work on this has been excellent and the State has taken notice so they have established a task force to work on civility within the education system. The State has appointed Nick and Jamie to the task force to work with them on this. Dr. Nicol added that he is very proud of them and looking forward to the work that they are going to do next year.

Dr. Nicol distributed copies of the document to attendees. He said that the Board of Education and the Board of Finance have endorsed the document and he would like the Board of Selectmen to do so as well. He noted that it is about all of us treating each other well, recognizing that we are all human beings trying to live a fulfilling life and at times things can get emotional when people disagree but we should assume the good intentions of one another and work together courageously even during difficult times.
Dr. Nicol said that the document will be incorporated into the school system in many different ways including posters and other ways. He added that he, on behalf of all who worked on this document, respectfully requests the support of the BOS.

Mr. Stomberg said that a good job was done and he is supportive.

J. Exempt Salary Ranges for 2019-2020

Ms. Cook asked what the collective bargaining units are receiving this year and Ms. Cannella stated that the contracts are in negotiation at this time, not fully determined, and not yet public information. Ms. Cook recommended tabling this agenda item to see where the union contracts settle. She asked Ms. Cannella if it could be tabled and Ms. Cannella said that it could if that is what the BOS decides. Mr. Stavens said that this motion involves only the salary ranges, not the individual salaries. Ms. LaPlante agreed with Ms. Cannella that it could be tabled; the impact would be on payroll. Ms. Cook recommended a 3% increase to all ranges. Ms. Spielman suggested between 2.5% and 2.7%. Mr. Turner said he wouldn't go any higher than 3%, and that he is in favor of the 2.5%-2.7% range. Ms. Spielman suggested starting the motion at 2.5% to see how the vote goes; Ms. Cook said to start at 3% and see if it passes. The following motion was made.

N. Request to Use Brookside Park – Ellington Volunteer Fire Department

Mr. Turner reminded Chief Rich that both the Recreation Director and the Crew Chief for grounds are new this year, so she encouraged him to spend extra time with orientation and communication regarding this event.

MOVED (TURNER), SECONDED (STAVENS) AND PASSED UNANIMOUSLY TO GRANT PERMISSION TO THE ELLINGTON VOLUNTEER FIRE DEPARTMENT (EVFD) TO USE THE WEST SECTION OF BROOKSIDE PARK FROM AUGUST 30, 2019 THROUGH SEPTEMBER 8, 2019 FOR THE ANNUAL EVFD CARNIVAL AND TO ERECT SIGNS PROMOTING THE ANNUAL EVFD CARNIVAL ON THE BROOKSIDE PARK GROUNDS, ON THE PROPERTY IN FRONT OF THE PUBLIC WORKS COMPLEX ADJACENT TO THE FIREHOUSE, IN FRONT OF THE PINNEY STREET FIREHOUSE ON NUTMEG DRIVE AS WELL AS SMALLER SIGNS AT MAJOR INTERSECTIONS IN TOWN. FURTHER, TO DIRECT THE EVFD TO CONSULT WITH THE PARKS AND RECREATION DIRECTOR REGARDING THE DETAILS OF THE SPACE REQUIREMENTS FOR THIS EVENT.

O. Proposal for EVFD Replacement Apparatus: KME Ridgerunner Wild Land Pumper

Mr. Turner said that we need a clarification from the Acting Finance Officer regarding comments she made to him prior to the meeting; she needs to clarify her points for the Chief. Ms. LaPlante said that the Town does not have a quote for this truck in writing and has not entered into a lease agreement yet. There is no appropriation for this project; it is a leased project. Chief Rich introduced Owen Thompson of Bulkley Fire & Emergency Apparatus who stated that he can provide a quote to Ms. LaPlante by tomorrow. She added that by moving on this tonight, the Town is agreeing to pay $400,000 without a lease agreement in place. Chief Rich said that what he is looking for tonight is a commitment to purchase this truck which far exceeds his expectations for what they were looking for. Bob Smith, EVFD, reviewed the history, the need for this vehicle and the current vehicles EVFD has and what this truck will replace. He said that there are other towns interested in this particular truck, so the Town should move to secure it. This truck meets the criteria that EVFD is looking for and EVFD is looking for a commitment tonight.

Mr. Stavens asked if a Town Meeting is required for the lease agreement and Ms. LaPlante confirmed that it was passed for a lease agreement at a Town Meeting in May.
Mr. Turner said we have a proposal from Bulldog Fire & Emergency Apparatus with no collar amount and the only reference to the dollar amount is in the Chief's cover letter which refers to the amount that was passed at Town Meeting. The Finance Office needs a quote from Bulldog Fire & Emergency Apparatus on their letterhead, stating that this truck is available for that price. He added that the BOS will also need to waive the bidding process because this is priced on the GSA so it has already been bid. Mr. Thompson explained that through HGAC, the bidding process has been done, eliminating the need for towns to do their own competitive bidding. Companies have already bid their best price to HGAC.

Ms. LaPlante said she can begin the process of obtaining quotes from leasing companies as soon as she receives the written quote from Bulldog Fire & Emergency Apparatus. Mr. Turner asked Mr. Thompson if his company offers municipal leasing and he confirmed that they do and he will speak with Ms. LaPlante about this after the meeting.

Mr. Stomberg said that it is remarkable that EVFD found a truck that costs exactly the amount of money that the Town was saving up to spend. He said that he wants assurances that this covers all of the needs of this truck and that the EVFD will not be coming back for more money for equipment later on and he'd like to see signatures confirming this understanding. Chief Rich said EVFD will not be back for more money for this truck. Mr. Stavens said that Mr. Stomberg has a point because this has happened in the past.

MOVED (TURNER), SECONDED (STAVENS) AND PASSED UNANIMOUSLY TO WAIVE THE BID PROCESS FOR THE PURCHASE OF THE KME RIDGERUNNER WILD LAND PUMPER AS PROVIDED BY EULL DOG FIRE APPARATUS DUE TO BEING PURCHASED THROUGH HGAC.

P. Request to Amend Town Code Section 70-7 Fees for GIS Information and Adopt a New Fee Schedule
