

**TOWN OF ELLINGTON, CONNECTICUT
DEPARTMENT OF TOWN FIRE MARSHAL**

UNDERGROUND STORAGE TANK REMOVAL PLACARD

INSTRUCTIONS:

As required by the Connecticut Flammable and Combustible Liquids Code this placard must be **completed and affixed to the removed tank** in a place that will be **highly visible** after the tank is loaded for transport. Prior to affixing this placard you must prepare a clean area to ensure that the label will make proper contact with the tank surface. A property owner performing the work should enter his/her name as "Contractor".
